NEW AND

Important Discovery!

GRAY HAIR can be restored to its original color, whether Auburn, Brown or Black; Sandy, Light or Red Hair can be matched with any darker shade, surpassing in beauty even the most natural locks, retaining the gloss and softness of the original Hair, by using O. M. Ballard's

Permanent Liquid Hair Dye.

Of one preparation, which is entirely different from all other preparations of Hair Dye now before the public. Is *free from all injurious properties, which can be tested* by taking a lock of the finest and most delicate Hair of an infant, and color it with the Dye which *will not impair its gloss* or its texture in the slightest degree, which is the best evidence that can be given that it is not injurious. On the contrary, it improves the texture of the Hair, promotes its growth, and prevents it from falling out, and unlike other preparations, (after the Hair is colored and dry) will not crock, fade, or wash out.

In short, from its peculiar delicacy, softness and easy application, it is worthy the attention of all who may wish to improve the color of their Hair, as it will make any shade, from a white to a jet black. It is now used to an unaccountable extent, by persons who have prematurely turned gray, and others whose Hair is of no desirable color, which they restore or exchange for a beautiful Auburn, Brown or Black, without any additional preparation or the slightest trouble.

DR. CUMMINGS'S

Compound Extract of Sarsaparilla and Dock.

THE articles above named are the principal ingredients of this medicine. With these, others of vegetable origin are combined, designed to render them more active, and consequently more immediately effective.

The Dock, or rather a species of it, now ranks as a medicinal plant, second to no one of the vegetable kingdom. With the aid of a distinguished chemist, whom the proprietor has consulted in the preparation of the compound, he has succeeded in overcoming the difficulty of preserving the extract of the root for any considerable length of time.

For many years the proprietor has tested in his practice the efficacy of the principal substances of the compound, and is perfectly satisfied that they possess all the properties which have been ascribed to them. Recently he conceived the idea of uniting them, which has resulted in the production of the compound. In this the ingredients are found to act in harmony, and to lose none of the qualities which they separately possess.

A larger portion of Sarsaparilla is soluble than has generally been supposed. The extract must to be relied on, and least liable to decomposition, is procured by subjecting the root to the action of the menstrua usually employed in extracting its virtues, for a long time, without heat or any other accelerating agent. None is permitted to be used in the compound, that has not been obtained by this process and that has been less than a year in preparation.

The Compound is recommended for Scrofula, Erysipelas, Ulcerous affections, Eruptions, and Mercurial diseases. Also for the numerous maladies arising from sedentary employments, occupations of a harassing and fatiguing nature, intense application, exposures to extremes of heat and cold, overtasking the physical powers, and other abuses of the constitution; among which are Neuralgia, Piles, Affection of the Liver, Bilious Complaints, and Dyspepsia or Indigestion.

In diseases of warm climates, with which the proprietor become familiar in his practice in Havana, some years since, the compound, will prove particularly efficacious, both as a remedy and a preventative.

This medicine has been for some time in the this city, where the proprietor has passed nearly half a century of his professional life. It was extensively prescribed by him while in practice, and it is believed to be in favor with his medical brethren in general, to whom he is known.

Prepared only by Dr Stephen Cummings, and sold at wholesale and retail by Joshua Burgin & Co No 113 Middle street, and Edward Mason, No. 153 Middle street—only agents for Portland.

NEVER DESPAIR OF LIFE!

KELLEY & CO'S

HIGHLY CONCENTRATED

SARSAPARILLA

Cures the Worst Diseases that ever preyed on the Human System, and saves Thousands of Lives Annually!!

10,000 CASES

OF SCROFULA cured by it this year, and 5,000 Cases DYSPEPSIA and HUMORS, of which *proof* can be furnished. This is the only medicine known to cure these diseases.

THIS Sarsaparilla will bear TWO QUARTS OF WATER to a Bottle, and then be far superior to any in use. It is put into the Bottle its FULL STRENGTH and power, without reducing it, and this is done for the special benefit of those who use it, as it is objected to all other Sarsaparillas that they are Weak, Clumsy, Adulterated, Sickish, and are wholly incapable of reaching the seat and cause of the disease. But this Sarsaparilla comes warranted to be

Six Times Stronger

than any other, and Six Times Better, Safer, Surer, and Cheaper than all others. *THIS* Sarsaparilla has bestowed on it some of the best MEDICAL Talents and Skill in the world; and CURES all the Sickness, KILLS all the Pain, and REMOVES all the suffering that it is in the power of Human means to do. It Cures

Scrofula, Dyspepsia, Jaundice, Liver Complaint, Humors, Canker, Costiveness, Rheumatism, Cancer, Debility of the System, Salt Rheum,

and every Disease which arises from **Impure Blood!**

CONSUMPTION CURED WITH

KELLEY & CO'S SARSAPARILLA!

A PHYSICIAN, who is truly the most distinguished of any in a large City for professional skill CERTIFIES, astonishing as it may seem, that he actually CURED a case of **Consumption** with Kelley & Co's Sarsaparilla; and says "that there is no medicine in which he has so much confidence for **Diseases of the Lungs.**" Some will marvel at this REMARKABLE Cure, but hundreds are knowing to the fact. This INESTIMABLE Sarsaparilla is also doing wonders in foreign cities And says

SIR BENJAMIN BRODIE,

Surgeon to the Royal Family of England. "that there is no other medicine which is CAPABLE of doing so MUCH GOOD, and yet so INCAPABLE of doing injury." What distinguished compliments are these! Never was there a medicine honored with STRONGER RECOMMENDATIONS. It CURES when every thing else fails, the

Severest Scrofula and Humors,

where the flesh falls off the bones—the bones are diseased, and the DART OF DEATH seems ready to strike the sufferer. And the reason for this is, that it makes the **BLOOD** perfectly Pure, Rich, Healthy, Quick, Free, Nutritious. It CURES all those ALARMING cases of DYSPEPSIA and JAUNDICE, where the Liver is Swollen and Painful, Strength wasting, Appetite gone, Pulse weak, or Feverish, Skin yellow, Nerves deranged. It restores Health, Strength, and Vigor, to every disordered function of the System—causing them to move on just as Nature requires. And for its WONDERFUL Power over Disease in every form and part which no other Medicine possesses, the public justly style it the

Master Remedy of the Age!

The great secret of all its triumphant success over all other Sarsaparillas, is, that it does not tamper with the patient, or prolong his sufferings. But it first attacks the disease and stops it, then removes it, then brings up the flesh and strength on a perfectly pure Blood, so that the cure is always thorough and permanent. Others only scatter, or back-en the disease, but this EXTIRPATES it wholly from the system—this saves the patient's life, while others endanger it. The whole Body is made so healthy by the use of this GIANT MEDICINE, the System so vigorous—Mind so cheerful—Nerves so quiet—Skin so fair—Spirits so buoyant, that **Medical Colleges, Professors,** and Physicians always prefer it, for the sake of its Superiority. Try it, all you who are seeking the PRICELESS BLESSINGS OF HEALTH!

Ladies, Married and Unmarried!

It is for you, especially, that this Sarsaparilla is made, as the "HEALING ART" has been tasked to the utmost to have it exactly suited to **FEMALE COMPLAINTS.** These Complaints have never been cared for as they ought; hence it is that all the medicines which are used with the hope of Cure, so invariably and entirely fail. But this Sarsaparilla has the **SPECIAL** ability, to cure every Disease, Affliction, or Pain, which comes under this head. It regulates the secretions—corrects the irregularities of the System—restores strength to every part—beautifies the complexion—imparts a flow of spirits—cures palpitation of the Heart—removes Blotches, Pimples, Freckles.

The Graefenberg Company

HEREBY give notice that their *New England Branch* is established at No. 154 Washington street, Boston, the Secretary of which is Mr. EDWIN C. BARNES, who is prepared to appoint Sub-Agents for the sale of their celebrated *MEDICINES.* Application should be made either personally, or by mail, post paid. *The Graefenburg series of Medicines* consists of the following preparations—to which public attention is invited, viz.

The Graefenberg Vegetable Pills, which are inconceivably superior to any ever before discovered. All *Chronic Diseases, Bilious* and *Bowel Complaints, Costiveness, Dyspepsia, Fever* and *Ague, Headache, Jaundice, Liver Complaints, Rheumatism,* all *Stomach Complaints, Green Sickness, etc.,* yield at once to these pills. They purge away offensive humors, arrest the progress of disease, and at the same time restore tone and vigor to the system. In cases of general derangement of the health they are SOVEREIGN.—Price 25 cents a box.

The Graefenberg Children's Panacea. This is a Medicine which should be in every family. In all diseases to which children and youth are subject, and for *Summer Complaints, Dysentery,* and all other affections of the stomach and bowels it is infallible. Price 50 cents a bottle.

The Green Mountain Vegetable Ointment.—This is an Indian remedy, the receipt for which was obtained by one of the early settlers of Vermont from the Indians. It is an invaluable dressing for *Burns* and *Scalds*, and by its use all bruises and fresh cut wounds are cured with great rapidity. Price 25 and 50 cents a box.

The Graefenberg Sarsaparilla Compound.—This unequalled extract is immeasurably superior to any Sarsaparilla preparation now offered to the public. One bottle of it is warranted to make two quarts of the strength ordinarily sold. Price one dollar a bottle.

The Graefenberg Eye Lotion, which for disorders of the Eyes has no equal; for violent inflammation, weakness, or foreign substances in the eye, it is a positive and speedy cure. Price 25 cents a bottle.

The Graefenberg Health Bitters.—These Bitters stimulate the stomach, promote tardy digestion, impart tone and elasticity to the feeble body, and exert their salutary energies with surprising rapidity. Price 25 cents a package.

TO THE AFFLICTED.

DR. DOUGLASS respectfully informs the citizens of Boston that he may be consulted as to all diseases incident to the human frame, at his office,

No. 55 Union Street.

Dr. D. has been in extensive practice in all parts of the United States, and has now in his possession the best of evidence to show that he is a regular M. D. He has been upwards of 40 years in practice. The diseases of females will receive the Dr's particular attention. He will tell all the diseases from an examination of the eye; this is an advantage that Dr. D. has above all other practitioners, and which will necessarily do away the necessity of a long and unpleasant explanation on the part of the patient, of the disease with which they are afflicted. The age and length of time the patient has been suffering, is all the Dr will require to give them a most thorough knowledge of their complaint and whether or not a cure can be effected.

Dr. D. has been very successful in the treatment of Colds, Coughs, Consumptions and Liver Complaints, all Pulmonary diseases, Scrofula, Rheumatism, Fits, Dysentary, all diseases of the Eye and Ear; diseases of the Blood, Palpitation of the Heart, Gout, Salt-Rheum, Cancers, cutaneous diseases and, all affections of the kidneys and bladder; Tic doloreau, Hernia, Abdominal Weakness, Tooth-ache, Intemperance, Stammering. Dr. D. warrants a cure of any of the above diseases, if applied to in season.

He would also respectfully inform the Ladies that he will attend to their diseases and complaints from 8 to 12 A.M. and from 2 to 9 P.M. A full and general assortment of medicines are kept constantly on hand. Printed directions accompany each bottle or package.

All communications post paid), with a fee enclosed, will be strictly attended to.

Remember the number—55 Union Street.

PATENTS.

AMERICAN AND FOREIGN OFFICE,

And Agency of the U.S. Patent Office, Washington,

22 State Street—Boston.

THE subscriber, by appointment from the Commissioner of Patents, is Agent of the U. S. Patent Office for receiving and forwarding to the same, models, specimens or manufactures to be patented, or deposited therein, which will be sent *free of expense and risk*, and with despatch. He will prepare Caveats, Specifications, Assignments, and all the necessary Papers and Drawings for Patents, will make researches into American and Foreign works, to test the validity of inventions, and render advice on legal and scientific matters respecting the same. Patents secured in Europe and other countries.

By application at this office, inventors are saved the time and expense of a journey to Washington and delay there, as well as all personal trouble in obtaining their patents. They also have the advantage of *verbally* explaining their inventions, and of consulting in respect to them; *matters, in general, of paramount importance in order to obtain correct specifications and claims.* The experience of *sixteen year's* practice, an extensive collection of rare works, decisions, &c. on mechanical subjects, the Patent Laws, and patents of different countries, collected at much expense during the long time this office has been established, together with accounts here kept of inventions patented at Washington, enable the subscriber to afford to inventors, desirous of procuring Patents, assistance and information which in other respects might be difficult of attainment.

DR. WARREN'S

Sarsaparilla, Tomato and Wild Cherry

PHYSICAL BITTERS,

At 50 Cents per Bottle!

SARSAPARILLA, TOMATO and WILD CHERRY BITTERS have now become a standard medicine, universally approved by physicians as a safe, speedy and effectual remedy for *Scrofulous, Mercurial and Cutaneous Diseases;* Jaundice, Indigestion, Dyspepsia, Bilious Disorders, Liver Complaints, Costiveness, Weak and Sore Stomach, Ulcers and Running Sores, Swelling of the limbs, Pain in the Bones, Tumors in the Throat, Rheumatic Affections, Salt Rheum, Erysipelas, bad Humors, Eruptions on the face or body, Cancerous Sores, King's Evil, Chronic Catarrh, Languor, Debility, Headache, Dizziness, Sallow Complexion, and all those disorders which arise from the abuse of Mercury, or from an impure taint in the blood, no matter how acquired.

The extract here presented is prepared after directions given by the celebrated Dr. Warren, whose name it bears, and will be found superior to any preparation of the kind now in use. It is highly concentrated, entirely vegetable; and very finely flavored to the taste. The change which it produces in the condition and tendency of the system is *speedy and permanent.*

As a Spring Medicine for purifying the blood—strengthening the stomach and body—and checking all consumptive habits—the Sarsaparilla, Tomato and Wild Cherry Bitters are entirely unrivalled.

The Great Remedy for Gonorrhoea

GLEET, Stricture, and all analagous complaints, is Dr. DOUGLASS'S ARABIAN PASTE. Dr Douglass is well known, having practiced in the principal cities in the Union, during the last 40 years. His only reason for introducing the Paste in this public manner, is the consciousness that there are thousands of ill treated complaints in this city—thousands of individuals who are going down to premature graves by taking the miserable drugs of quacks.

Dr. D. most solemnly affirms that during his practice of forty years, this Paste has never, in one single instance, failed of effecting a cure in a few days, without any change of diet or hindrance from business. He has had some of the most stubborn cases—cases that have resisted the regular course of treatment adopted by our first physicians, for months and even years, but after taking the Paste for a few days, the angry symptoms disappeared, and the patients were discharged, entirely cured.

If the unfortunate, instead of drugging themselves with quack nostrums, would purchase only one box of the Arabian Paste, we should not see so many emancipated bodies and sallow countenances as we do at the present time.

☞ In case this Paste should fail to effect a cure in the shortest possible time, ten times the price paid for it will be given the purchaser on returning the empty boxes.

For sale only by the original inventor and sole proprietor, Dr. PETER G. DOUGLASS, at his Office, No. 55 Union street, Boston, at $5 per box where he can be confidently consulted on every disease incident to the human frame, and the patient rely upon the most beneficial course of treatment that can possibly be adopted.

COMPOUND SYRUP OF

Sarsaparilla and Pipsissewa,

....*Prepared only by*....

ALBERT EMERSON,

DRUGGIST AND APOTHECARY,

Apothecaries' Hall, Smith's Block,

BANGOR.

THIS article is confidently recommended as a cure for all diseases arising from an impure state of the Blood, such as *Scrofula, Salt Rheum, Syphilitic and Mercurial Diseases, Ulcerous Sores, Pimples, and Diseases of the Skin generally.* This Syrup is highly approved by the Medical Faculty, and is recommended as an internal remedy only for the purpose of an alterative, or as some would express the same thing, to purify and renovate the system in all long standing diseases, where the fluids of the body have become vitiated.

Pipsissewa, (the *Chimaph la Umbellata, or Pyrola Umbellata,* as it is variously called by Botanists,) was first employed medicinally by the Aborigines of America, and was first introduced to the notice of the medical profession in 1803, by the late eminent Physician, Dr. S. L. Mitchell, of New York. Dr. Peteira of London, says that it is an alterative in Scrofula and in other chronic diseases—"it is generally supposed to possess almost specific powers" and Dr. Paris, of London, speaks of a practitioner, who relies wholly for success upon Pipsissewa, "by which he is enabled to cure Scrofula, in its worst forms".

When taken into the stomach, it acts as a tonic, producing an agreeable sensation and assisting the appetite and digestive process; it promotes the action of the secreting organs, more especially the Kidneys, over which, indeed, it appears to exercise a specific influence. In order to insure essentially the benefit derived from Sarsaparilla, we have most admirably combined the Pipsissewa with it, so that its tonic and diuretic qualities will materially promote the good effects of Sarsaparilla.

State of Maine.

HEAD QUARTERS,
Augusta, Sept. 4, 1848.

It will be seen by this law that divisions are allowed the term of two years to raise their quota of volunteers, at the expiration of which, on failing to furnish the number of companies to which they are entitled, other divisions will be authorized to raise them on petitioning to the commander-in-chief. It is hoped that the martial spirit of our citizens has not become entirely extinct by the long suspension of active military service, but that there still exists in our State those military and patriotic impulses that will ensure a willing and prompt return to duty, and a vigorous organization in each division of the militia of Maine of all the force allowed by law.

Independent companies already organized are invited to join the volunteer corps of our State, and whenever they indicate to this department their wish and determination to comply with the provisions of law they will be furnished with arms by the State.

Our citizens generally are also invited to organize new companies with becoming promptitude, petitions for which may be forwarded to the office of the Adjutant General.

The State has now on hand a variety of muskets and rifles, and in a few weeks will be in possession of nearly one thousand percussion rifles, of the latest and most approved model, which will be subject to the order of companies first making application. By the Commander-in-Chief,

ALFRED REDINGTON.

WHIG NOMINATIONS.

FOR PRESIDENT

ZACHARY TAYLOR.

7th do ANDREW PETERS, of Ellsworth.

A CAUTION TO THE WHIGS.

As the day draws nigh for the great Presidential contest, the Whigs must be prepared for those eleventh hour movements which the Locofocos have never yet failed to make They will be sure to concoct some ominous lie or lies calculated to injure ZACHARY TAYLOR or MILLARD FILLMORE or both, in the eyes of simple minded and credulous people — Let the people every where be put on their guard, *in advance* against these devilish lies as a regular part of Locofoco campaigning and will certainly shew themselves If the people be prepared beforehand they will laugh those lies to scorn, but if they come unexpectedly, many may place confidence in them They generally appear at a time when it is too late to expose and turn them to plague the inventors *A word to the wise is sufficient* as the Indian Agent wrote to Lewis Cass, when he was Secretary of War and speculating in the Public Lands

☞ Among our advertisements to day will be found the notice of E F Duren Esq that he has returned to this city from Portland—that again taken quarters among his old friends in Bangor and is ready to serve them with books, stationery and other articles in his line Mr Duren has taken one of the new stores in the splendid Gothic block on Main street We like right well that the attractions of Bangor should bring back all who have left her business circles for other scenes of action, while at the same time we would that all who remain there should be prosperous and happy Mr Duren in his well known and liberal departure of the present occurrence or requirements from us be gone the mere fact that he has returned and is again ready for business in his old line, with a new and fresh stock

☞ The attention of our readers is directed to the card of Mr J C Heywood which appears in our columns, announcing that he has located himself in this city as a teacher of vocal and instrumental music His references must be sufficient to satisfy all of his ability, and we trust that he will be amply sustained Our people need to do much in the way of cultivating the science and art of music The art of singing ought to be made a part of the education of every child in the city

The Democrat and the Platform are having a very interesting controversy in which they mutually seem delighted with the sayings of each other, each declaring that the other uses himself up Of course we agree to the general conclusion that the arguments of both are fully exploded and done under, burst up and essentially ruined There point of prospects in the present campaign will be in a like situation in November next

☞ All those who remember the course taken by the locofoco party during Gen Jackson's administration will readily recollect what much was then said about foreign capital being invested in the U S Bank and the great enormity of the people here paying out interest to foreigners — This same party is now engaged in loaning the credit of the government to foreigners for six millions of dollars, the interest of which is to be paid annually out of the country!

☞ A musical convention under the direction of R F Baker Esq of Boston assisted by other accomplished singers, commenced a session in this city on yesterday afternoon and will continue in session for instruction and practice during to day and to-morrow Now is the time for all singers in this vicinity to acquire the graces of singing from its most accomplished professors

☞ Mr Oliver Colburn has shown us a trace of beautiful corn raised by him upon his farm, on Essex street, the present season, it is of the sixteen rows variety, and this is the first year that Mr Colburn has attempted raising corn He obtained at the rate of fifty bushels of sound corn to the acre, and of course will try again

☞ Mr Bennett the well known proprietor of the extensive vegetable garden under his care, has now growing a Bartlett pear of the second growth The blossom of this pear did not appear until late in the summer after the fruit upon the tree had made a large growth

Mr Dubourg, the Irish refugee, has arrived in Paris, he landed at Boulogne, after many hair breadth escapes, and states, he heartily rejoiced that he has escaped the perils of some of his fellow conspirators

☞ Potatoes are appearing in market in Wiscasset this season from the eat, though the wheat crop is good and the oat crop very heavy.

EL OHIO S.

New York, Oct 9, P M

Georgia.

The Congressional election in this State has resulted in the election of our Whig and four Locofocos, viz Messrs. King, Stephens, Owens, and Toombs, Whigs, and Messrs Cobb, Hartridge, Hackett and Wellborn, Locofocos Well borne majority, 200

Florida.

The Whigs it is reported, have elected their Governor and a majority of the members of the Legislature

From Mexico.

The New Orleans Picayune of the 26th of September contains a summary of the latest intelligence from Mexico, received by the Royal West India mail steamer Trent, which arrived at Ship Island on the 26th The dates are from Vera Cruz to the 20th and the city of Mexico to the 16th ult The Trent had on board $1,502,000 in specie, of which $102,000 was for New Orleans

The condition of the country is represented to be comparatively tranquil upon the surface It is reported, however, that the Santannistas and the Puros have united and will make an effort to overthrow the present Government

The return of Santa Anna is openly talked of and expected and the expectation is expressed that he may be invested with supreme power within three months The strength of the present Administration is said to consist solely in its command of money It is represented to have yet at its command pretty a million, but this is not generally conceded

The country is suffering extremely from the unsettled state of the public roads They are infested by robbers in every direction Travellers make provision for being robbed, as a thing of course, they carry with them only expressly to satisfy the rapacity of the bandits of the highways, in order if they escape indignities — Whenever resistance is made it is effectual The Arc has mentions the case of a little party of Americans who were attacked on their way to Vera Cruz They resisted and wounded one of the robbers and his horse, the rest escaped off The wounded man was afterwards arrested and handed over to the authorities Verbally we learn that he was hung for the offence

Paredes is still in Mexico and said to be endeavoring to procure a pardon for himself It is thought that he will be successful—that he will not even be subjected to the inconvenience of a temporary exile

Foreigners we are told are treated with much more consideration in Mexico since the war than they were formerly The Americans share particularly in the increase of regard

D Luis de la Rosa has been nominated and confirmed by the Senate as Minister Plenipotentiary to the United States Senor Pinzy Cuevas has been appointed Minister of the Treasury It is first said was to appoint a commissioner to treat of a settlement or arrangement of a national debt He is represented as speculating the acts of his predecessors in regard to the notorious case of the five millions of indemnity negotiated to secure $600 000 and they are to be carried over to the proper tribunal for trial The amnesty was declared at Huejutla in the 10th of August in favor of all the insurgents and those who should make their submission within sixty days

MEMOIR of Mrs DEBORAH H PORTER wife of Rev C G Porter, of Bangor By Annie F Drinkwater Portland, Sanborn & Carter 1848 263 pp

The subject of this memoir was a humble, persevering christian in this city, whose memory is cherished not only by a large circle of christian friends, but deep down in the hearts of hundreds of the poor and afflicted—of widows and of orphans It was her desire and her mission to illustrate her ideas of christ in faith and an active, heroic, continuous effort to give it a practical application to the wants and the circumstances of every member of the community and particularly to the poor, the distressed, the afflicted, the lonely

Without high intellectual attainments, and with none of the advantages generally deemed essential to an elevation to a high plane of influence from which she might shed down upon the mass of society the rich and the gentle dew of her beneficence, yet, by a deep, heart-cherished sympathy, and a warmth of true devotion to the wants of humanity, she became a minister of good—a kindly visitant of mercy, and a minister of charity to many

Of the exercises of her mind and the devel opements of her inner life, the volume before us gives the best explanation, and in this respect will be read and studied by her christian companions and friends with absorbing interest

The work may be found at the Bookstore of Wm Lewis

THE CHILD'S FRIEND, October, 1848

This is the first number of the eleventh volume of a neat, interesting and useful periodical for children, under the editorial care of Miss Lee Follen, and published at Boston by Leonard C Bowles, at $1,50 a year Such a work as this in the family circle is of immense advantage in bringing a sense of duty home to the children, and weaving into the texture of their minds, a sense of the loveliness and goodness of the Creator, who gives them the gifts that mention and virtue bring true peace to the life

The Presidential Election.

The New York Atlas sent out a political flag through its columns are democratic but suspends the Presidential election

The dissatisfied Whigs that is many portion of the Whig party which had refused to go to the work, and support the nomination of General Taylor—having seceded from their communication position, and taking their stand upon the "Taylor platform," we begin to see land, and can see the outline of what the other and the inside If the democratic party remains divided, as it now is—and we see no prospect of a reconciliation—it is very certain that somebody will be elected by the people for who is the mantle will fall we cannot now determine, but we firmly believe that a majority in the United States will not support either of the great candidates for the office, who will not say that General Taylor's prospects are rapidly advancing

The south and south west we think, will unite on him, and, if the secession either of the great States of New York, or Pennsylvania, or Ohio, what can prevent his election? General Cass had difficulties to encounter that General Taylor is not involved in He has the very disposition of the Walnut proviso to annoy him, and Gen Taylor has not It is true that Gen Taylor is a slave-holder, and resides in a slave State, but he stands free and untrammelled on the question of the extension of slavery in the territories

California Gold.. Pro and Con.

The St Louis Republican says

"We have received a sample of the gold which is found in California of which so much has recently been said The sample we have comes from Col Mason of the United States army, now Governor of that Territory It is pure virgin gold, and a fair sample of the lumps or grains found in the gold region"

As an offset to the above, we give the following from the New York True Sun

"We have seen an individual just arrived from California, with fifteen pounds of the Feather river gold dust, sufficient for a sample, in his trunk, and although it shines seductively, it is only another proof that all is not gold that glitters being neither more nor less than a specimen of *Mica* The gentleman who brought it on, understood when he sacked it, its precise value, and had no idea that he was fetching precious ore, still he thought a fair specimen might be of service in these parts as a lesson to those who were hastily picking up their 'duds for the gold region'

Report on Bulls.

To the Trustees of the P A Society

The Committee on Bulls have attended to the duty assigned them and submit the following report

We have awarded the following premiums, viz

To Joel W Otis, of Garland, the first premium for the best improved Bull three years old $6

To D McGregor Jones, of Dexter, the second premium for improved Bull $4 00

To R & S Bateman the third premium for improved Bull $2 00

To George W Chamberlain, of Carmel, the first premium of $1,50 for the best Bull Calf

To S Bateman of Plymouth, the premium of $1,00 for a Bull Calf

Your Committee would remark that there was a very large exhibition of Bulls, and the specimen very fine, such as reflect great credit to the owners who are deserving much praise for their exertions to promote the stock of our country,

Respectfully submitted

JOHN THISSELL,
CHADWICK COBURN,
GEO W CHAMBERLAIN, } Committee.

An Incident.

At the Whig mass meeting at Fort Hamilton, Vermillion county Indiana the following incident is related by a correspondent of the State Journal

Governor Lumsden made a most happy address and particularly gratifying was his Whig hearers the stern and unbending hoosiery, and the many compliments bestowed on the most glowing colors the old hero of Tippecanoe, Gen Taylor for the Presidency While speaking of the gallant defence of Fort Harrison, by Lieut Lieut Taylor and his brave band of soldiers some incident occurred which I cannot omit mentioning A veteran lady was present, who was in the Fort at the time of the seige, and assisted in moulding bullets for the soldiers While Governor Lumsden was dwelling upon the aid post for our hero of the garrison, and paying enough compliment to Gen Taylor, the old lady became much excited, and with tears streaming down her cheeks, raised her arms and cried out in a loud voice—"Glory to God, and everlasting thanks to Gen Taylor!" The effect was electric The shout that went up from the multitude was one of no ordinary kind

Short Comings in Flour

In the Common Pleas a verdict was rendered of some interest to those who trade in Flour — It was the case of Bronson & al vs Willard & al The parties belong to Oswego and Troy, N Y, and the suit was for damages for deficiency in a quantity of flour sold by the defendants to the plaintiffs, and sent by the latter to Boston There were about 1,000 bbls, and nearly all of them fell short in weight, varying from one to twelve lbs The plaintiffs claimed for the expenses of weighing and refilling the barrels, inspecting, allowances to purchasers, and other incidentals arising from the deficiency The verdict was for $307 41—all that was sued for and interest David A Simmons for the plaintiff and Henry A Scudder for the defendant —[Post

Potatoes.

Notwithstanding all the unfavorable reports and forebodings respecting the potato crop of this year, we find an inquiry among our farmers that the rot has hardly been perceptible in this region this fall The yield is unusually small, but the crop is sound and in good condition In the eastern towns of this county, and on the mountains west, the crop is comparatively small but perfectly good

[Springfield Republican

It is said that the bark of a willow tree, burnt to ashes, mixed with strong vinegar, and applied to the parts will remove all warts corns and other excrescences on any part of the body and limbs

Our thoughts like the waters of the sea, when exalted towards heaven, will lose all their bitterness and saltness, and sweeten into an amiable humanity, or lofty descend in gentle showers of kindness upon our fellow men

The Locofoco editors have a great deal to say about Gen Taylor's *income* About March next if they will go to Washington, they may witness Gen Taylor and no one else and Mr Polk's *out go* at the same time —[Patriot

CONSUMPTION CURED!

Buchan's Hungarian Balsam of Life,

THE GREAT ENGLISH REMEDY FOR *COLDS, COUGHS, ASTHMA and CONSUMPTION!*

BUCHAN'S HUNGARIAN BALSAM, the Great English Remedy for Consumption and Pulmonary diseases, still stands unrivalled and unsurpassed as the most elegant, agreeable, and effectual curative of these fatal and life Complaints now known to the civilized world

During years time of trial in the United States, during which time it has been introduced from Maine to Florida, has only served to establish its pre-eminence in all parts of this country, as the great and only RELIABLE REMEDY in the worst cases of Pulmonary disease, and the best and most agreeable curative of all the slight forms of colds, hough and inflammations that can possibly be used

IRON IN INSOLUBLE PROOFS

Of the efficacy of this Balsam in the worst forms of Consumption

IMPORTANT MEDICAL TESTIMONY

DR. BARDLEY—Dear Sir The Hungarian Balsam is, beyond all question, a most perfect and admirable preparation for diseases of the Lungs. I have used it in my family, and in my public and private practice for more than two years with the most unfailing and extensive success, in cases of severe Pulmonary disease, and I can conscientiously recommend it to all who are afflicted as the most certain remedy in such diseases with which I am acquainted Yours respectfully,

FREDERIC T ALLEN, M D

Save Me, May 22 1846

Incredible Evidence of the efficacy of BUCHAN'S HUNGARIAN BALSAM.

[From the Christian Freeman.]

While we republish quickery, we are always pleased to give credit or that which is truly useful, and to give information which may benefit others A few days ago a brother of ours, from Norway, Me., came into our office in comfortable health, whom we did not expect to see again on earth We received a letter a few weeks since, from another brother resident in the house with him, saying that he was confined to his bed and could not possibly continue but a short time Judge then of our surprise when we saw him enter our office He has a stubborn cough remaining, as it would be natural that he should have, until he has had further time for acquiring strength of lungs But he is in comfortable health The following letter which we addressed to the general Boston Agent for the medicine which has restored him so wonderfully, will show what medicine has been the instrument of the good work

Boston, Feb 16, 1847

Dr D F Bradlee—Sir—I cannot refrain from saying a word to you in commendation of "Buchan's Hungarian Balsam of Life" Here is a plain statement of my case for your use, and if there are any advised in inducing the sick to seek relief into the source from whence I obtained it, I shall be thankful

My residence is Norway Me. Three years ago last fall I took a very bad cold which left a cough of the most aggravated kind, accompanied by a severe pain in the left breast Last June I had become so feeble that I was obliged to quit all work, and was confined to the house and about four weeks since During that time I received the best medical attendance, and tried nearly all the medicines which are recommended in such cases but could find no relief, but grew worse and worse to last three weeks was confined to my bed Two of my physicians gave me up as past recovery But as fortune would have it, I heard of the Hungarian Balsam and immediately procured a bottle This gave me instant relief and six bottles have broken up my cough, and placed me in a situation to reason, with advancing health, my usual occupation

BE WISE TO-DAY

Delay in any case of Consumptive tendency, is emphatically Death, under all ordinary treatment The Hungarian Balsam is a great ANTIDOTE, as well as CURATIVE If you have any symptoms above described, be advised in time

Sold in large bottles at only one dollar per bottle.

COMPOUND EXTRACT OF

SARSAPARILLA,

Wonder and Blessing of the Age.

THE MOST EXTRAORDINARY MEDICINE IN THE WORLD

This Extract is put up in Quart Bottles—it is six times cheaper pleasanter and warranted superior to any sold. It acts without vomiting, purging, sickening, or debilitating the Patient

The great beauty and superiority of this Sarsaparilla over all other medicine is, while it eradicates disease it invigorates the body It is one of the very best *SPRING AND SUMMER MEDICINES* ever known It not only purifies the whole system and strengthens the person, but it *creates new, pure and rich Blood*, a power possessed by no other medicine And in this lies the grand secret of its wonderful success It has performed within the last five years, more than 100,000 cures of severe cases of disease, at least 15,000 were considered incurable It has saved the lives of more than 5 000 children during the two past seasons

10,000 *CASES OF GENERAL DEBILITY AND WANT OF NERVOUS ENERGY*

Dr Townsend's Sarsaparilla invigorates the whole system permanently To those who have lost their muscular energy by the effect of medicine or indiscretion committed in youth, or the excessive indulgence of the passions and brought on a general physical prostration of the nervous system, lassitude, want of ambition, fainting sensations premature decay and decline, hastening toward the fatal disease, Consumption, can be certainly restored by this pleasant remedy This Sarsaparilla is far superior to any

INVIGORATING CORDIAL,

As it renews and invigorates the whole system gives activity to the limbs, and strength to the muscular system, in a manner extraordinary degree

CONSUMPTION CURED

Cleanse and Strengthen Consumption can be cured Bronchitis, Consumption, Liver Complaint, Influenza, Catarrah, Coughs, Asthma, Spitting of Blood, Soreness in the Chest, Hectic Flush, Night Sweats, Difficult or profuse expectoration, Pain in the Side, &c., have been and can be cured.

SPITTING BLOOD.

New York, April 26, 1847

DR. TOWNSEND—I feel I believe that your Sarsaparilla has been the means, through Providence, of saving my life I have for several years had a bad cough It became worse and worse At last I raised large quantities of blood, had night sweats, and was greatly debilitated and reduced and did not expect to live—I have only used your Sarsaparilla a short time, and there has a wonderful change been wrought in me I am now able to walk about the city I raise no blood, and my cough has left me You can well imagine that I am thankful for these results

Your obedient servant,

WM RUSSELL, 65 Catherine st

RHEUMATISM

This is only one of the more than four thousand cases of Rheumatism that Dr Townsend's Sarsaparilla has cured The most extreme and chronic cases are weekly eradicated by its extraordinary power.

James Cummings, Esq., one of the assistants in the Lunatic Asylum, Blackwell's Island, in the gentlemen spoken of in the following letter

Blackwell's Island, Sept. 14, 1847.

Dr Townsend—Dear Sir—I have suffered terribly for nine years with the Rheumatism, considerable of the time I could not eat, sleep or walk, I had the most distressing pains, and my limbs were terribly swollen I have used four bottles of your Sarsaparilla, and they have done me more than one thousand dollars worth of good. I am so much better—indeed I am entirely restored. You are at liberty to use this for the benefit of the afflicted Yours, respectfully,

JAMES CUMMINGS

FITS! FITS! FITS!

Dr Townsend has cured hundreds of cases of Fits, of course never reported, and has never been surprised to receive the following from an intelligent and respectable Farmer in Westchester County.

Fordham, August 13, 1847

Dr Townsend—Dear Sir, I have a little girl, seven years of age, who has been several years afflicted with Fits we tried almost every thing for her, but without success, at last, although we were in a state of consternation in our circumstances for cares like hers, we thought, as she was in very delicate health, we would give her some of your Sarsaparilla, and are very glad we did, for it not only restored her strength but she has had no return of the Fits to our great pleasure and surprise She is fast becoming in the ordinary mode of education as wholly lost

Yours, respectfully,

JOHN BUTLER, Jr.

FEMALE MEDICINE

Dr Townsend's Sarsaparilla as a royal sign and speedy cure for Incipient Consumption, Leucorrhœa, Prolapsus Uteri or Falling of the Womb, Contractions, Pains, Leucorrhœa or Whites, obstructed or difficult Menstruation, Incontinence of Urine or involuntary discharge thereof and for the general prostration of the system—no matter whether the result of internal causes or causes, produced by irregularity, illness, or accident. Nothing can be more surprising than its invigorating effects on the human frame Persons all weakness and lassitude, from taking it, are made become rational and full of energy under its influence. It immediately counteracts the pernicious effects of the fetid poisons which in the form of secretions —It will not be expected of us, in cases of so delicate a nature, to exhibit certificates of cures performed, but we can assure the afflicted, that hundreds of cases have been reported to us Thousands of cases where families have been without children, after using a few bottles of this invaluable medicine, have been blessed with fine, healthy offspring

TO MOTHERS AND MARRIED LADIES

The extract of Sarsaparilla has been expressly prepared in reference to female complaints No female who has reason to suppose she is approaching that critical period, "*The turn of life*," should neglect to take it, as it is a certain preventive to any of the numerous and horrible diseases to which females are subject at this time of life Those persons *may be delayed for several years by using the medicine* Nor is it less valuable for those who are approaching womanhood as it is calculated to assist nature by purifying the blood and invigorating the system Indeed this medicine is invaluable for all the delicate diseases to which women are subject

It braces the whole system, renews permanently the natural energies—by removing the impurities of the body, not so far stimulating as to produce subsequent relaxation—which is the case of most medicines taken for female weakness and disease By using a few bottles of this medicine, many severe and painful surgical operations may be prevented

GREAT BLESSING TO MOTHERS AND CHILDREN

It is the safest and most effectual medicine for purifying the system, and relieving the sufferings at and after child birth ever discovered It strengthens both the mother and child, prevents pain and the weakness and sickness the food—those who have used it think it indispensable If it is highly useful both before and after confinement, as it prevents diseases attendant upon childbirth—as Costiveness, Cramps, Swelling of the Feet, Despondency, Heartburn, Vomiting, Pain in the Back and Loins, False Pains, Hemorrhage, and in regulating the secretions and equalizing the circulation it has no equal The great beauty of this medicine is, it is always at ease, and the most delicate use it most successfully, very few cases require any other medicine—if some a little Castor Oil or Magnesia is useful Exercise in the open air, and light food with this medicine, will always assure a safe and easy confinement

BEAUTY AND HEALTH

Cosmetics, Washes, and a variety of preparations usually in use, when applied to the face, very soon spoil it of its beauty They close the pores of the skin, and check the circulation, which, when nature is not thwarted by disease or powder, or the skin inflamed by the dilatious used in cosmetics, the fine production in the human face divine, as well as in the garden of such most delicately tinted and variegated flowers A free, active and healthy circulation of the fluids or the nourishing of the pure, rich blood to the extremities is that which paints the countenance in the most exquisite beauty It is that which imparts the lustre to the diamond and fine tint of loveliness that all admire but none can describe. Then beauty is the offspring of nature—not of *powder or soap* If there is not a free and healthy circulation, there is no beauty. If the lady is fair as driven snow, if she paint and use cosmetics, and the blood is thick, cold, and impure, she is not beautiful If she is brown or yellow, why there is pure and active blood, it gives rich bloom to the cheeks, and a brilliancy to their eyes, that is fascinating

This is the reason why the southern, and especially the Spanish ladies, are so much admired Ladies in the north who take but little exercise or are confined in close rooms, or factories, spoil their complexion by the application of deleterious mixtures, if they wish to regain elasticity of step, buoyant capitals, sparkling eyes, and beautiful samples one, they should use Dr. Townsend's Sarsaparilla Thousands who have tried it, remain unsatisfied, are delighted. Ladies of every station crowd our office daily.

NOTICE TO THE LADIES

Those that object to Dr. Townsend's Sarsaparilla have invariably called their kind *a great remedy for females, &c., &c.*, and have copied our bills and circulars which relate to the complaints of women, word for word—other men who put up medicine have, since the great success of Dr. Townsend's Sarsaparilla in complaints incident to females, recommended theirs, although previously they did not. A number of these Mixtures, Pills, &c., are in existence in families, as they aggravate disease, and undermine the constitution.

SCROFULA CURED.

This Certificate conclusively proves that this Sarsaparilla has perfect control over the most obstinate dis-

eases of the blood. These persons cured in our house is unprecedented.

THREE CHILDREN

Dr. Townsend Dear Sir—I have the pleasure to inform you that three of my children have been cured of the Scrofula by the use of your excellent medicine—They were afflicted very severely with bad sores, have taken only Nine Bottles, it took them away, for which I feel myself under great obligation Yr's respectfully,

ISAAC W CRAIN 106 Wooster-st

CAUTION.

Owing to the great success and immense sale of Dr Townsend's Sarsaparilla, a number of men who were formerly our Agents, have commenced making Sarsaparilla Extracts, Elixirs, Bitters, Extracts of Yellow Dock, &c They generally put it up in the same shaped bottles, and some of them have stole and copied our advertisements,—they are worthless imitations, and should be avoided

M'Alister's All-Healing Ointment.

WHEN this Ointment is worn upon the chest and warmed into the feet, it not only acts upon the organs of the chest, but the whole nervous system feels influence It moves along on the nerves, and thus find sits way to the liver, lungs stomach and brain imparting increased activity and energy to these organs while it separates and sets free every impurity or humor that may be lodged there, and expels it to the surface Hence the extraordinary rapidity and certainty with which it cures asthma, coughs and liver complaint Also, headache, agues, consumption and spinal diseases

Its first action is to open the pores of the flesh impart tone and nervous energy to the skin, and then penetrate to any part of the internal viscera, and expel diseased and impure particles from the system It performs precisely in sickness what nature performs for herself in health having the full use of every function of the body

It is this power which enables the ointment to sweep off all cutaneous eruptions, skin diseases of every nature, also to subdue all inflamations fevers and all bowel complaints—in short, by keeping the pores of the skin open, and restoring health and nervous energy to all the organs of the body

PRIAM OF TROY

AIR TIGHT

COOKING STOVE,

IMPROVED FOR 1848.

Combination of the greatest improvements of the age—Four sizes.

THIS Stove commends itself to the attention of Ladies and Gentlemen who are interested in combining *Economy and Convenience* with their Domestic Affairs As all food passes the ordeal of some Cooking Apparatus to make it palatable or proper for use, it is very important that every family should possess the Best Apparatus for the purpose and which at the same time shall consume the *least amount* of Fuel or incur the *least expense* The

PRIAM OF TROY IS THE STOVE

for it has a very LARGE OVEN, probably as large as in any (equal size) Stove, ever offered to the public, which is heated quickly and perfectly even by means of **Deep Hollow Grooves,** in the back and bottom of the Oven, exposing from *three to four hundred* square inches more surface to the Oven than can be done by a plain surface Consequently a very Small amount of fuel being arranged in this Air Tight Stove, and applied to the Oven renders it one of the *BEST BAKING OVENS* to be found in New England

There is a Set of large Rims or Rings connected with the Stove so that our Farmers and all who wish to use large Brass or Iron Kettles, or any kind of old fashioned Ware, holding from one to ten pails can do it at their pleasure The whole Stove is regulated by means of only ONE DAMPER, unequal in its appearance, and in fact is one of the *best Companions for the Kitchen* now in use, as thousands who now have them will testify

Patent Mill Wheels.

Tinbey's Patent

Two Vent Cast Iron Water Wheels

—for—

SAW MILLS,

Invented by T. R. Tinbey of Exeter, N. H.

THE undersigned would invite the attention of the Public to the above named Wheels which have been thoroughly tested in Exeter and with all other popular

SAW MILL WHEELS

in use at the present time, and they can cheerfully recommend them, with the same head and quantity of water applied as possessing and combining more *Strength and Speed* and giving a more uniform and *Steady Motion* in and out of the cut (and therefore not liable to break cranks) and will also run more and *Saw more Lumber* under a less head than any other Wheel in use

Another advantage which the Wheel has over others is that it is constructed with but two Vents for the discharge of water which makes the aperture larger and allows the 'drift stuff' to escape without filling up the Wheel

For one wishing to adopt the BEST WHEEL will do well to call and examine before purchasing elsewhere

We could also call the attention of Mill Owners and Operators to

Valentine's Patent

Reversing Centrifugal Water Wheel

—FOR—

"UPRIGHT SHAFTS,"

WHICH are adapted for driving all kinds of Machinery in Manufacturing Establishments or Mills, and are made of different sizes so as to give any amount of power required and for which reputation these Wheels have so justly earned in the successful operation of several hundred during those already sold and in use, we feel confident in saying are some of them as combining more advantages than any other Wheel, for perpendicular Shafts now in use

As evidence of the merits of this Wheel we would refer to the following extracts from the report of experiments made with the same by WILLIAM A BEARD Esq Civil Engineer—Lowell Mass who is well known as one of the first in this line and experienced practical Engineers in the country

"This wheel is formed with curved floats the number depending upon the size and width of the Wheel each extending so far around the Wheel that when the water arrives at the point where it is to be expended that it falls nearly perpendicularly from the Wheel The Wheel is inclosed in an inclosed wooden curb or flume in which the water stands at its full head, the column being supported by the stationary plate and beneath the Wheel so that it has no downward pressure upon the Wheel which stands perfectly free in the column of water and by this arrangement all the friction on the step and bearing on the Wheel is avoided, and so much of the power saved which in the ordinary mode of operation is wholly lost

"This Wheel is adapted to low as well as high heads of water and will run as well in back water as out of it, providing the head remains the same fast as the back water, But a Wheel with the floats slightly gauged for a high head will not answer for a low one, and vice versa for as the head increases the width of the jets should be proportionally increased, so that the water may not run to waste and not give its best effect to the Wheel

"In point of power the trials show conclusively that this Wheel is superior to the best constructed Breast Wheels and it has the advantage of being with good effect in situations where the Breast Wheel could not be used, in the first instance procured by a few dollars, easily accessible when they are needed costs much less in the outlay, as much more durable and takes very much less room in a mill or shop—Simplicity of structure, durability of parts convenience of application and excellence of power are the grand points of recommendation to the WHEELWRIGHT AND BEARD *Civil Engineer*
